

**CYBERSEC**  
EUROPEAN  
CYBERSECURITY FORUM

The 2nd Annual Public Policy Conference  
dedicated to strategic aspects of cybersecurity  
**26-27 SEPTEMBER 2016 – KRAKÓW, POLAND**

European Cybersecurity Forum – CYBERSEC is the first conference of its kind in Poland and one of just a few regular public policy conferences devoted to the strategic issues of cyberspace and cybersecurity in Europe.

The result of the annual CYBERSEC conference is the creation of practical recommendations that increase resilience to cyber-threats at both micro and macro levels (specific economic sectors, countries, EU as a whole).

Recommendations developed during CYBERSEC will help to strengthen co-operation between the Visegrad Group, Baltic Countries and other countries of Central Europe in protecting cyberspace.

Through dialogue oriented and targeted approach to specific challenges, we provide a strong cross-stakeholder impulse for increased awareness and urgency in developing solutions that reach beyond national borders and enhance collaborative efforts.

WHAT IS  
CYBERSEC?

**STATE  
STREAM**

Facilitating strategic cross-stakeholder co-operation, the development and implementation of the most important public policies for digitisation and cybersecurity.

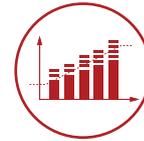

**MILITARY  
STREAM**

Addressing the evolving dimensions of cyberconflicts in Europe, the role of NATO and the need for comprehensive military co-operation.

**FUTURE  
STREAM**

Providing structured support in the process of identifying challenges and opportunities for both the ICT sector and the global information society and contributing to cybersecurity innovations.

**BUSINESS  
STREAM**

Exploring the various roles of the private sector in crafting regulatory frameworks and developing mature cybersecurity markets.

FOUR  
THEMATIC STREAMS

**ICT  
DEPENDENCY**

The key aspects of social, economic and military interactions are being increasingly transferred to cyberspace. This increasing dependence on ICT necessitates the development of a cybersecurity system that involves all stakeholders and puts cybersecurity education in the centre of the debate.

**HYBRID  
THREATS**

Incidents in cyberspace are an everyday occurrence. Many of them have important consequences in "the real world". Cyberattacks on critical infrastructure threaten the security of states and millions of citizens. The private sector bears huge economic losses, geopolitical tensions continue to rise at an alarming pace.

**STRATEGIC  
ISSUES**

Intense geopolitical tensions, extensive usage of ICT systems by terrorist organisations and more frequent and serious-in-consequences attacks on critical infrastructure create the need for Europe to build a comprehensive cybersecurity system.

**NATO  
CYBERDEFENCE**

The strategic approaches to personal data security, privacy and cyberspace sovereignty among the partners of the transatlantic alliance have been developing along increasingly divergent paths. CYBERSEC will address the vital cybersecurity issues which were discussed during the 2016 NATO Summit in Warsaw.

WHY  
CYBERSEC?

**FEATURED SPEAKERS:**

**ANNA STREŻYŃSKA**

Minister of Digital  
Affairs – Poland

**MELISSA HATHAWAY**

Former advisor to Bush  
and Obama administration  
- USA

**BOGDAN ŚWIĄCZKOWSKI**

National Prosecutor, First  
Deputy to the Prosecutor  
General - Poland

**LUIGI REBUFFI**

Secretary General, European  
Cyber Security Organisation  
(ECSO) - Belgium

**DEAN VALORE**

Former Assistant U.S. Attorney for  
the Department of Justice, Member  
of the Strike Force Unit, prosecuting  
international organized crime and  
cybercrime investigations - USA

**STATE  
STREAM**

**CO-OPERATION IN THE CEE TOWARDS SUB-REGIONAL CYBERSECURITY - DEVELOPING CONFIDENCE BUILDING MEASURES**

- Disseminate the concept of CBMs for cyberspace
- Identify and promote measures that could complement international/regional CBM processes from the perspective of the CEE region and for the benefit of the countries from the region
- Identify additional instruments for the CEE region designed to enhance co-operation and transparency in the field of cybersecurity on the national and sub-regional level the opportunities arising from a structured, common position

**NIS DIRECTIVE - HOW TO IMPLEMENT THE FIRST EU LEGISLATION ON CYBERSECURITY?**

- Identify the main challenges of NIS Directive implementation
- Develop recommendations for NIS Directive with reference to implementation roadmap
- Harmonise Member States strategies and actions in the field of cybersecurity

**MILITARY  
STREAM**

**NATO CYBERDEFENCE POLICY AFTER THE WARSAW SUMMIT**

- Discuss and promote the conclusions of the NATO Warsaw Summit
- Explore the untapped opportunities for the enhanced NATO-EU cyber co-operation
- Identify the next steps for NATO's cyberdefence policies

**FIGHTING TERRORISTS WITH TARGETED CYBERTOOLS**

- Analyse different strategies for utilising cyberspace for achieving planned goals
- Identify and discuss the various activities conducted in cyberspace to fight terrorist groups (with a special focus on cyber intelligence activities)
- Discuss the possible controversies related to cyber operations aimed against terrorists

**FUTURE  
STREAM**

**PREPARING THE WORKFORCE FOR THE UPCOMING CYBER CHALLENGES**

- Identify specific areas of expertise where cyber specialists are most in demand
- Create strategies for education and training (the human resources gap).
- Identify the role of states, the EU, NATO, the private sector and academia

**CYBERSECURITY INNOVATIONS - FOSTERING DEVELOPMENT AND CO-OPERATION**

- Explore the best practices in building multi-stakeholder communities where the most creative ideas and the most innovative R&D projects are given emphasis
- Identify the factors that boost innovation in the field of cybersecurity
- Enhance co-operation and networking opportunities between various cyber communities

**BUSINESS  
STREAM**

**CYBERSECURITY OF INDUSTRIAL CONTROL SYSTEMS**

- Understand the importance of industrial control systems (ICSs) and specific conditions that impact cybersecurity
- Identify the main cyberthreats to the security of ICSs
- Develop security recommendations for ICS (in different sectors)

**GLOBAL, REGIONAL AND NATIONAL PUBLIC-PRIVATE CO-OPERATION - SUCCESS STORIES**

- Identify the common denominators of successful private-public initiative
- Explore the various strategies aimed at bringing together both the public and the private sector in the process of designing cybersecurity eco-systems and jointly responding to cyberthreats
- Promote valuable initiatives and enhance co-operation between stakeholders

COMMERCIAL SECTOR		STANDARD DAY 1 & 2	PREMIUM DAY 1 & 2	STANDARD DAY 1	PREMIUM DAY 1	STANDARD DAY 2
EARLY RATE	If paid until August 1st	270 EUR	512 EUR	186 EUR	428 EUR	186 EUR
STANDARD	If paid until September 15th	456 EUR	698 EUR	326 EUR	567 EUR	326 EUR
LATE RATE	If paid after September 15th	642 EUR	884 EUR	419 EUR	660 EUR	419 EUR
<b>ACADEMICS, NGO MEMBERS*</b>			10% OF REGULAR CONFERENCE FEE			
<b>GOVERNMENT, MILITARY*</b>			FREE OF CONFERENCE FEE			
<b>ICT SMEs/START-UPS FROM MAŁOPOLSKA</b>			FREE OF CONFERENCE FEE			

\*The representatives of the above categories are allowed to choose STANDARD package only.

## DAY ONE | 26 SEPTEMBER 2016

08:00-9:00

REGISTRATION AND WELCOMING COFFEE

09:00-10:50

OPENING OF THE CONFERENCE

10:50-12:00

KEYNOTE PRESENTATIONS WITHIN CYBERSEC  
THEMATIC STREAMS

12:00-13:00 Networking Lunch

13:00-14:00

PLENARY  
EVENTS

13:00-14:30

BREAKOUT SESSIONS I \*  
STATE STREAM

"Multi-Stakeholder Co-Operation in the CEE Towards  
Regional Cybersecurity"

MILITARY STREAM

"NATO Cyber Defence Policy after the Warsaw  
Summit"

FUTURE STREAM

"Preparing the Workforce for the Upcoming Cyber  
Challenges"

BUSINESS STREAM

"Cybersecurity of Industrial Control Systems"

14:30-15:00 Networking Coffee Break

15:00-16:30

PLENARY  
EVENTS

15:00-16:30

BREAKOUT SESSIONS II \*

STATE STREAM

"NIS Directive - How to Implement the First EU  
Legislation on Cybersecurity?"

MILITARY STREAM

"Fighting Terrorists with Targeted Cyber-Tools"

FUTURE STREAM

"Cybersecurity Innovations - Fostering Development  
and Co-Operation"

BUSINESS STREAM

"Global, Regional and National Public-Private Co-  
Operation - Success Stories"

16:30-16:45 Networking Coffee Break

16:45-18:45

SPECIAL SESSION - COMBATING CYBERCRIME

20:00 Gala Reception \*

\*PREMIUM or by invitation only

## DAY TWO | 27 SEPTEMBER 2016

09:00-10:00

THE "RZECZPOSPOLITA" DEBATE - DIGITAL POLAND

10:00-10:15

INTRODUCTION TO DISCUSSION PANELS

10:15-11:45

DISCUSSION PANEL - STATE STREAM

Presentation of solutions and propositions developed  
during the Breakout Sessions in State Stream & Discussion

11:45-13:15

DISCUSSION PANEL - MILITARY STREAM

Presentation of solutions and propositions developed  
during the Breakout Sessions in Military Stream & Discussion

13:15-14:30 Networking Coffee Break

14:30-15:00

DISCUSSION PANEL - FUTURE STREAM

Presentation of solutions and propositions developed  
during the Breakout Sessions in Future Stream & Discussion

15:00-16:30 Networking Lunch

16:30-18:00

DISCUSSION PANEL - BUSINESS STREAM

Presentation of solutions and propositions developed  
during the Breakout Sessions in Business Stream & Discussion

18:00 - 18:30

CONCLUSIONS AND CLOSING REMARKS

18:30 Farewell glass of wine

BREAKOUT SESSIONS in English only  
For program updates see [www.cybersecforum.eu](http://www.cybersecforum.eu)

# REGISTER NOW!

[cybersec2016.conrego.pl](http://cybersec2016.conrego.pl)

WHO SHOULD ATTEND?

- CEOs, CIOs, CSOs,
- CISOs, CTOs, CROs
- IT/Security Vice Presidents,  
Directors, Managers
- Governance, Audit, Risk,  
Compliance Managers &  
Consultants
- Government and Regula-  
tory Affairs Directors  
& Managers
- National and Local  
Government Officials
- Legal Professionals
- Law Enforcement & Intel-  
ligence Officers
- Military & MoD Officials
- International Organisations  
Representatives.

### FROM THE FOLLOWING SECTORS

- ICT
- Power Generation  
& Distribution
- Transportation
- Critical Infrastructure
- Defence & Security
- Finance & Insurance
- Chemical Industries
- Mining & Petroleum
- Public Utilities
- Data Privacy
- Cybersecurity
- Manufacturing &  
Automotive
- Pharmaceutical

Develop greater knowledge of cybersecurity policies and take part in the opportunity to shape its future.

Networking opportunities with lasting benefit of growing business relationships.

Gain access to all cybersecurity stakeholders in one place: government (national and EU), military, defence industry, critical infrastructure operators, banks and financial institutions as well as the biggest IT companies and cybersecurity providers.

WHY YOU SHOULD  
ATTEND?

**1**  
Emerging Public Policy Challenge

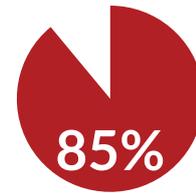

**4**  
Thematic Streams

**6**  
Discussion Panels

**8**  
Breakout Sessions

**13**  
Months of Preparations

**20**  
Hours of Networking Opportunities  
*forge new professional contacts*

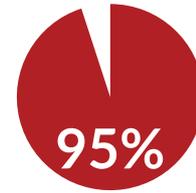

CYBERSEC participants evaluated the conference as very good or excellent

**>80**  
People from the CYBERSEC's Team

**>400**  
Participants representing 20 countries from Europe and U.S.

**130**  
Speakers

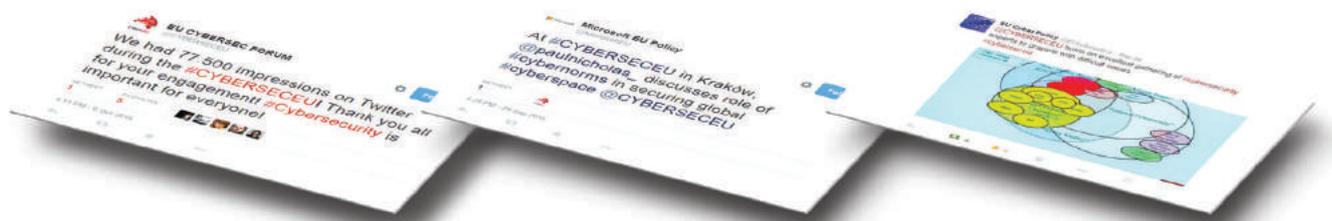

CYBERSEC participants evaluated the organizational aspect of the conference as very good or excellent

**> 45**  
Accredited Journalists

**>60**  
Interviews for CYBERSEC TV

**CYBERSEC AMONG THE "TOP 5 CYBERSECURITY CONFERENCES IN EUROPE"**
