

T3K-FORENSICS

MOBILE FORENSICS TRAININGS

MOBILE PHONE EXTRACTION & ANALYSIS

THE IDEAL START TO MOBILE FORENSICS

The Mobile Phone Extractions and Analysis training teaches participants data extraction from different mobile phones with common Mobile Forensic toolkits and the subsequent interpretation of gained extractions.

HIGHLIGHTS:

- Hands-on work with different smartphones, providing solutions for the respective challenges (> 60 smartphones)
- Training from seizure to reporting of the device
- Constant updates of contents, depending on developments in the market

ADVANCED SMARTPHONE FORENSICS

AMPLIFY YOUR MOBILE FORENSICS SKILLS

This training teaches valuable background knowledge about Android and iOS operating systems, correct interpretation of complex data, as well as advanced techniques that go beyond the capabilities of the toolkits.

HIGHLIGHTS:

- Background knowledge about operating systems
- Advanced mobile device extraction methods
- Dealing with highly important aspects of a mobile forensic analysis (verification of location data, timestamps, etc.)

SQLITE FORENSICS FOR SMARTPHONES

USING SQL FOR DEEPER ANALYSES OF DATABASES

This training teaches the manual analysis of databases to gain evidence data from unsupported apps, the use of SQL to deal with big volumes of data, as well as the recovery of previously deleted data.

HIGHLIGHTS:

- Use case oriented database training with a multitude of Forensic toolkits
- Quick detection and filtering of data
- Recovery of deleted data

T3K-FORENSICS MOBILE FORENSICS TRAININGS

All trainings can be held for a group of participants from one authority, directly on their premises.

However, T3K-Forensics also offers the opportunity to book single seats in trainings for participants from different authorities and countries, making it easier for individual law enforcement professionals to keep improving their level of expertise in the field of Mobile Forensics.

These trainings are offered in English and German and held in Vienna, which due to its central location in Europe is easy to reach from all parts of the continent.

Make sure to check for training dates at www.t3k-trainings.com.

Our training facilities are close to Vienna's main railway station and there are many hotels close by. The training room is equipped with all the software and hardware required and snacks and drinks will be provided. Minimum participation for one training date is 5 persons.

If you are interested in taking part in one of our trainings, want to receive a quotation or have any further questions, please don't hesitate to contact us via e-mail at office@t3k-forensics.com or phone at +43 1 9971033 . For detailed information please visit our website www.t3k-trainings.com.
